# WELCOME

**BULA (HELLO),  
THANK YOU FOR YOUR INTEREST IN  
KORO SUN RESORT & RAINFOREST SPA.**

Our northern unspoiled location offers you the genuine warmth and friendliness of the Fijian people, beautiful lush tropical surroundings, and warm, impossibly clear waters.

In a remote setting that defines paradise, Koro Sun Resort & Rainforest Spa immerses you in a genuine Fijian experience that's nirvana to the core. In the native north on "Fiji's other big island" of Vanua Levu, this 160-acre sanctuary was born of a nature lover's dream. The tropical retreat is etched within a coconut plantation that's encircled by lush rainforests at the edge of a stunning private lagoon.

From the moment you arrive, the Koro Sun staff embraces you like family. They greet you with a song that welcomes you to your home away from home. Certainly, the Fijians are known around the globe for being the most warm and friendly islands on earth.

That hospitality - coupled with our diverse accommodations and recreation - has made Fiji's Koro Sun Resort an international favorite for relaxing holidays, active family vacations and magical romantic getaways.

Our 51 private bures and villas are spacious, individually appointed and fully air-conditioned. Your stay is inclusive of continental breakfast daily, resort activities and ground transfers from Savusavu Airport. Half Board and Full Board meal plans can be added to any reservation.

# EXPLORE OUR ISLANDS

Flights arrive daily into Nadi International airport. Connecting flights to Savusavu (SVU) on the Island of Vanua Levu are 50 minutes. Complimentary transfers to/from the Savusavu airport to Koro Sun are complimentary, and a short 15 minute drive.

# SAVUSAVU

Savusavu is a quaint town with shops, restaurants and a great Saturday market. Locals bring their fruits, vegetables and crafts for sale. The population consists of Fijians, Indians, and Europeans which offers a charming mix of multi-cultural cuisine, and atmosphere. Koro Sun is located 15 minutes from the township of Savusavu, which allows you to easily explore our island and local culture.

## Vanua Levu

This island is the second largest of 333 in the archipelago (at high tide!) Vanua Levu is about as large as Maui for comparison in the Hawaiian Islands, and has diverse geography from the sea to the mountains. The vegetation is lush and green with many private lagoons, beaches, rainforest hikes and villages. Relatively undeveloped, you will feel like you have stepped back in time to the way life should be...

# YOUR HOME AWAY FROM HOME...

Our Resort is an award-winning AAA rated 4-star boutique resort that caters to couples, families, adventure, and those seeking rest and relaxation. Our Clubhouse is centrally located on the property with lounges, wireless internet access, our primary dining restaurant, bar and the front desk.
